Chad's Chats GOD is good!!! All the time!!

"You, my brothers were called to be free. But do not use your freedom to indulge the simple nature; rather, serve one another in love." Galatians 5:13.

The United States of America has been one of the greatest experiments in freedom the world has ever seen. The pilgrims landed searching for religious freedom. The American Revolution was fought based on democracy and faith in God.

Built on our Judeo-Christian values, America has based our Liberty on the Declaration of Independence and our Constitution which were strongly influenced by the holy Bible.

Our first two centuries of history have been marked by a continued fight to make the principles of liberty true for all. While it has not been a perfect nation, we definitely have our problems, ours is a history of great men and women of all races, denominations, and backgrounds who have spoken out about freedom, as no others ever have, because for many of them, their sense of freedom came from knowing true freedom through faith in Jesus Christ. Their calls for liberty were not based on the eloquence of clever men, but built upon studying the word of God in their own life. No human being can truly know freedom who doesn't first know Jesus as Lord and Savior.

America's only hope is that we as GOD's people will live under GOD's guidance as no other has before us.

Happy Independence Day!!! And may America bless GOD!!

Serving In HIS love,

Chad
